Boarding Policies

- **ALL ANIMALS MUST BE CURRENT ON ALL CORE VACCINATIONS.** Proof of vaccinations must be shown within one hour of check-in or they will be given at owner's expense.
- All animals must be free of internal and external parasites (fleas, ticks, ear mites & intestinal worms) or they will be treated at the owner's expense.
- One of the advantages of boarding your pet(s) at a veterinary clinic or hospital is that veterinary attention is available should the need arise. If your pet becomes ill or injured, we will call the emergency number(s) listed above regarding your pet(s) symptoms, treatment options, and estimate of additional cost. If no one can be reached, I give Animal Medical Center of Cumming, Inc. permission to treat, prescribe for, or operate upon the pet as necessary and adjust the bill accordingly.
- Medications given while boarding are administered by trained technicians and documented in the patient's chart. There is an additional fee per day. Medication fee is waived if your pet participates in playtime.
- We are not responsible for personal items brought by owner.
- _____ is authorized to pick up your pet from boarding and I have made the appropriate payment arrangements.

Lodging Options

- Regular:** Dogs are walked and cat cages are cleaned twice daily, fed according to owner's specifications, and must be current on all vaccinations. Pets will lodge in size appropriate cages. Baths, toenail trims, and medications may be administered for an additional fee.
- Playtime Package:** In addition to regular lodging services, dogs will receive group play/socialization time twice a day and a bed-time snack for an additional fee per dog per night. Cats will receive individual time with staff members as well as play time on the cat tree. For every day of play, medications will be given at no additional cost.
 - Additional details**

The purpose of *Group Play* offered in our *TLC (Playtime) Package* is to provide a safe, fun and stimulating social environment for our lodging dogs. Dogs will be able to exercise during action packed sessions where they will learn social skills and have personal interaction with trained team members as well as other dogs. This type of play will also provide an often much-needed outlet for high-energy dogs. If your dog doesn't socialize well with other dogs, one-on-one time will be offered instead with all of the aforementioned benefits. Activities will vary, but rest assured that your dog will be under constant supervision by our trained staff. We understand that not all dogs play the same, so dogs will be let out in groups no larger than 8. Size, breed, age and demeanor will all be determining factors when placing them within the appropriate group.
